

GR-2

Two Door Reach-In Refrigerator

Glacier reach-in refrigerators are built to meet the needs of any foodservice application, delivering top performance without sacrificing style. The sleek design features recessed door handles, ensuring a comfortable grip and making it easy to wipe away food, grease and bacteria. A bottom-mounted compressor ensures efficient cooling, while digital controls let you adjust the temperature precisely. Self-closing doors and auto-defrosting help save energy and maintain temperature, while adjustable shelves and swivel casters make maintenance a breeze.

Features

- Coved corners for easy cleaning
- Recessed door handle and door locks
- Self-closing doors with 90° stay open feature
- Digital temperature controls with LED display
- 4" casters with locks on front
